
Seeking female bass player who sings in Madison WI

Posted by barry.callen@gmail.com - 2010/02/21 09:24

Barry Wayne Callen is looking for a female bass player (doublebass, electric bass, acoustic bass, or cello all good) who also can sing harmony. Please be drug/alcohol/cigarette free and take the music seriously but not take yourself seriously. We are 5 women and 1 man who love harmony and words and natural sounds...very human stuff. Looking to practice/play every other Friday night, and then eventually every Friday night. Age, experience, ethnicity, training, etc. all unimportant. Let's get together for fun first and see how it feels to play together. Check out Barry Wayne Callen on MySpace or Facebook for rough versions of the songs we would perfect. Take a chance and call Barry at 608.347.8396 or email barry.callen@gmail.com.
